

## Teaching Plan

Week	Lesson 1	Lesson 2	Lesson 3	Lesson 4
1	Regular Shapes and Triangles	Quadrilaterals	Solids and Nets	Properties of Solids
2	Isometric Drawing and Side Views	Isometric Drawing from Side Views	Reflection and Translation	Enlargement and Rotation
3	Angles on a Line and Angles at a Point	Vertically Opposite Angles and Angles in a Triangle	Catch up Day	Give out assessment
4	Working on assessment	Working on assessment	Working on assessment	Working on assessment
5	Assessment due in – start next topic			

Note: for this topic we gave out an open ended assignment looking at modular housing and the different layouts that could be formed, linking this to isometric drawing, symmetry and rotation, the costings of these different layouts and students needed to produce an advertising brochure for a suburb based off these modular homes.
